Since the establishment of the school, parents have been encouraged to take an active part in the life of the school in order to create an involved community that promotes important concepts such as mutual aid and teamwork among our children.

Every school year, our school invites parents to participate in its routine maintenance work, **once a year / per child.**

Everyone's investment leads to real savings.

If parents are unable to attend these meetings, accompanied or not by their children, other choices are possible: join the PTA (Parent Teacher Association), join the Board of Directors, work on communication or a financial participation (**150 €/child**).
