Since the establishment of the school, parents have been encouraged to take an active part in the life of the school. To create an involved community that allows us to promote to our children the notions of such as mutual support and teamwork.

Every school year, our school invites parents to participate in its small maintenance and fitting out works, 1 Saturday morning or one Friday evening/per child/year.

Everyone's investment leads to real savings.

Other investment choices within the school are possible: join the festival committee, join the Board of Directors, work on communication or participate financially: **150€/Child.**
